Médecins du Monde (Doctors of the World) - Stress management seminars

"Talent Seed has provided us with some high-quality stress management training. Florence Price is great at customising training to meet the client's requirements. Florence prepared for the training meticulously and provided excellent follow-up support in addition to the actual time spent training. During the training she proved to be excellent at relating with people and ensuring they participate fully. I definitely recommend her!"

La Nounou – Recruitment and "Train the Trainer"

"I am writing this reference letter to recommend Florence Price from Talent Seed. I run a small childcare business in West London and in October 2008 I was looking for an extra carer to work with us.

Florence helped with the whole recruitment process and understood our specific needs and designed a perfectly customised interview guide. After establishing prerequisite criteria to narrow down possible candidates, Florence identified key competencies for potential candidates to elaborate on. This was followed by in situation type exercises. Florence also took part in the interview itself and was perceived very positively by all candidates.

Florence was very prompt with the delivery of this assignment. As soon as I approached her about the work, she started documenting our requirements. She contacted me on the same evening with a prototype interview. She was very open to discussion and eager to fine tune her work to match our needs. Florence personally carried out the interviews. She was professional and pleasant.

Thanks to Florence we have employed the right person for our company and I can only highly recommend Florence. Her dedication, hard work and professionalism will only help you to find the very best people for your business to grow."

“Florence has excelled in human resource management and training with our organisation, with our clients businesses. Our clients include businesses turning over between \$500,000 and 62 million dollars, and with between 3 and 200 staff.
